ALCOHOL AND SUBSTANCE ABUSE POLICY

I. PURPOSE

Aaron Community Cultural Center is concerned and recognizes a responsibility to provide a safe, healthy and productive transformational living environment for all tenants, volunteers, and interns. This policy is designed to help accomplish that goal by eliminating drug and alcohol and tobacco abuse among our residency. Tenants and members who use illegal drugs or abuse other controlled substances or alcohol tend to be less productive, less reliable, less cautious and prone to greater absenteeism resulting in the potential for increased cost, delay and risk in our company's policy and progress. Ultimately, they threaten the tenants' process of transforming their lives.

We believe our residents and members have the right to live and work with persons free from the effects of alcohol and drugs and tobacco. This policy is designed to help accomplish that goal by eliminating alcohol and drug and tobacco abuse among our residency.

We regret any inconvenience that may be caused to tenants and members who do not abuse alcohol or drugs or tobacco. We believe, however, that the benefits to be derived from this policy in terms of enhanced safety, productivity, and quality of the transformational living environment will more than make up for any inconvenience to the rest of us. We seek the understanding and cooperation of all tenants and members in implementing this policy to make our housing a safe and enjoyable place to live.
